Indiana Harbor
East

Ex. 5 Deliberative Process (DP)

Inspection report for Focused Compliance Inspection conducted for Oil Sheen Investigation for Indiana Harbor West on February 9, 2017, was reviewed and provided both initial and final review comments to Ray in May 2017. The Inspection Report was already reviewed by Ryan at the time of my final review comments. We got a copy of Indiana Harbor West Storm Water Pollution Prevention Plan dated November 2015 and a Spill Prevention, Control and Countermeasure Plan dated February 2017. Superfund Division is going to handle this Oil Sheen Investigation and take necessary action.
